Dear redstone team,

I wanted to drop you a line to say how pleased we are with your LUNO - Active Clay Plaster product on the ceiling of our new hair salon. The improved air quality inside our salon is apparent to both our employees and our customers. In addition, we have found that the odor from the chemicals we use for perms and coloring disappears after a short period of time. We love to work in this clean odorless environment and want to say thank you.
